

What is a Community Cafe?

**Get Support
For Your
Community Cafe**

**Nottingham
Community
Cafe
Network**

It should be...

- » Free or inexpensive...
- » Welcoming and comfortable...
- » Food and drink, while not essential, are important...
- » Highly accessible & within walking distance for many...
- » Involving regulars; those who habitually go there...
- » Both new friends and old should be found there...
- » It's a place that is not home, not work, but a home away from home!!

With pubs closing down left, right and centre, Community Cafes can provide space for people to meet, eat and socialise (and much more), and are a growing and welcome phenomena.

If you are involved in running a community cafe or are thinking about setting one up, then get in touch with us on:
